  - Payments will be made via direct deposit or Comdata card load depending on your weekly settlement preference.
  - The contractor must successfully complete orientation, complete the delivery of their first load, and be actively running to receive the bonus on the payout dates.
  - Up to 50% of any sign-on bonus will be applied toward any debt owed to Risinger.

### **(2) MAP PROGRAM (MAP) (Solo Lease Purchase Drivers Only)**

- All breakdown pay will be administered through the MAP program. Drivers must be enrolled in the MAP program and meet the established qualifications to receive breakdown pay. To qualify for the MAP program, drivers must be available and willing to run our entire network. Support amount is calculated on the contractor's net settlement before deducting any non-standard deductions. The MAP program is not a contractual agreement, but a voluntary program that Risinger provides to assist our contractors when breakdowns occur.
- **MAP Qualifications**
  - Willing to run our entire freight network and service all assigned loads.
  - Drivers who refuse freight because of geographical locations will be disqualified.
    - For example, a driver refuses Northeast freight will not qualify to be enrolled in MAP. A driver who refuses to go to Graphic Packaging Queen City will not qualify to be enrolled in MAP.
  - Available and ready to run by 8:00 am (CT) on Monday (or no later than the end of your 34 hour reset) and remain available/running through Saturday at noon.
  - You are considered available if your truck is in the shop for maintenance as long as you begin running as soon as the repairs have been completed.
  - If maintenance is completed and contractor is notified before noon, contractor must return to the truck the same day to receive minimum pay support.
  - If maintenance is completed and contractor is notified after noon, contractor must return to the truck no later than the following morning by 10 AM to receive minimum pay support.
  - Support will not be paid if a loaner truck or recovery work is offered and turned down by the contractor.
  - Support amount is calculated on the contractor's net settlement before deducting for cash advances, accident deductibles, child support, and wage garnishments.
    - Example #1 – Settlement check amount is \$850 and a \$200 advance was taken. Contractor would not be eligible for additional support, since the gross settlement would have been \$1,050 had the advance not been taken.
    - Example #2 – Settlement check amount is \$925, which includes a \$100 deduction for child support. The contractor would not be eligible for additional support since his/her gross settlement would have been \$1,025 without the child support deduction.

Disclaimer: This program is not a contractual obligation and is offered to all eligible contractors for the specified time frame above. Risinger reserves the right to disqualify any contractor at any time for any reason at its sole discretion.
